STAY ROOTED

WWW.ROOTEDRESISTANCE.COM

HELLO KINDRED!!!

Good day to each of you! Hoping you all are as well as you can be. I'm happy to introduce another way to stay in the loop and engage with Rooted Resistance. Our newsletter will be a monthly distributed publication recapping our commitments, collaborations in the community, and ways to keep our digital friends who are near and far engaged with us. We look forward to staying rooted with all of you!

UPCOMING ROOTCAMPS

Sunday: August 18th & August 25th
Location: Tallahassee, Florida,
United States. Details about
location will be shared as we
approach the dates.

SUMMER RECAP: GROWING THE BRAND

Black European Summer School

Our founder Roc, took the brand international this summer with a trip to the Netherlands! This two week experience focused on the African Diaspora and Trans-National Resistance to colonialism. For more information on this opportunity check out:

blackeurope.org

Camp Gender Bender

Rooted is headed to Toccoa, GA the first week in August to share community with other trans and queer kindreds through the lens of holistic wellness. Hosting our first camp in Georgia with a focus on the rural south, Rooted is excited to broaden our horizons even more.

Growing the Rooted Team

As the summer winds to a close, we are happy to continue growing our Rooted team! Moving toward more intentionality with marketing, means having a Director of Marketing to pull everything together! Here is to manifesting an even bigger team moving forward!

REVIVED Magazine Tampa

Roc took a gig this past Spring with REVIVED to write on all things politics. Lending their pen as a guest contributor, Roc has written on housing disparities affecting people of color and the medias commodification on black bodies. While you need a subscription, REVIVED as a black and womxyn owned magazine, provides a space to start the conversation.

Camp ANYTOWN

Sam, Rooted's Community Liaison, serves as the Program Director of Camp ANYTOWN. This camp empowers youth over a two week period to form socially just environments for their community and beyond!
